

Svenska BakePartner AB is a family owned company specialized in manufacturing of deck ovens.

We have since the start 21 years ago delivered our ovens to more than 100 countries and are continuously growing thanks to our **loyal customers**.

The key to our success has been a very deep passion not only for the ovens but also for the product that is baked in them.

We put great pride in our motto *"New solutions for Old traditions"* that is a statement that our ovens are manufactured in harmony with our deep and solid culinary passion and knowledge.

The product range itself consists of **PizzaMaster** (pizza ovens) and **BakePartner** (bakery ovens) and is the largest electric deck oven series in the world with **80 different sizes and more than 1,000 available combinations**.

We are most famous for our pizza ovens extreme high temperature performance that gives a continuous baking temperature of up to 500°C / 932°F. But we also supply the world with bakery deck ovens that in combination with our clay hearth stone and patented steam system gives a baker old world style artisan bread.

When you read this I hope that you understand how deep our passion is for our ovens, the product they bake and off course for **you** our highly valued customer.
